WORK EXPERIENCE

South Davis Jr. High School

Bountiful, UT

Math Teacher

August 2022 - Present

- Co-created and implemented a department-wide ACT ASPIRE preparation program utilizing grade-wide competitions run by all 7 math department members. Monitored and analyzed performance using Excel (pivot tables, power query, formulas, charts).
- Taught, maintained, and analyzed performance records for 165+ 9th grade Math 1 students and 15+ ESL students using Excel (pivot tables, formulas, conditional formatting).

Hillcrest High School

Midvale, UT

Math Teacher

August 2019 - May 2022

- Developed and implemented a new Math course and curriculum to better serve 50+ refugee and immigrant students. Actively consulted on applying concepts to English and Science courses.
- Secondary Math 1 Curriculum Team Leader 2021-2022. Directed development and application of curriculum to increase overall student achievement with 6 educators.
- Outperformed 9th grade average by 14.5% and outpaced growth to “Proficient” level by 7% on state standardized tests through revision of curriculum, course structure, teaching methods, and tracking student assignment, attendance, and testing data in Excel (data entry, pivot tables, formulas).
- Nominated for 2020-2021 Hillcrest High School Teacher of the Year as a 2nd-year teacher.

MyCIO Wealth Partners

Philadelphia, PA

Financial Data Analyst

2017

- Responsible for the creation of financial reports and capture of fund KPIs for the purpose of updating internal and external users for a \$250m retirement fund.
- Partnered with investment advisors and financial planners to provide portfolio performance reporting using Morningstar, Tamarac Software, and Excel.
- Assisted in tax planning, returns, estate planning, and investment advisory for 15+ clients.
